## E-PRESCRIBING CONSENT FORM

ePrescribing is defined by a physician's ability to electronically send an accurate, error free, and understandable prescription directly to a pharmacy. Congress has determined that the ability to electronically send prescriptions is an important element in improving the quality of patient care.

ePrescribing greatly reduces medication errors and enhances patient safety. The Medicare Modernization Act (MMA) 2003 listed standards that have to be included in an ePrescribe program.

These include:

- **Formulary and benefit transactions**  
Gives the prescriber information about which drugs are covered by the drug benefit plan.
- **Medication history transactions**  
Provides the physician with information about medications the patient is already taking to minimize the number of adverse drug events.
- **Fill status notification**  
Allows the prescriber to receive an electronic notice from the pharmacy telling them if the patient's prescription has been picked up, not picked up, or partially filled.

By signing this consent form you are agreeing that Wilmington Endocrinology, PA can request and use your prescription medication history from other healthcare providers and/or third party pharmacy benefit payors for treatment purposes.

Understanding all of the above, I hereby provide informed consent to Wilmington Endocrinology, PA to enroll me in the ePrescribe program. I have had the chance to ask questions and all of my questions have been answered to my satisfaction.

## Appointment Cancellation Policy

At Wilmington Endocrinology we strive to render excellent medical care to you and the rest of our patients. When an appointment is scheduled, that time has been set aside for you and when it is missed, that time cannot be used to treat another patient.

We request that you please give our office 24 hours notice in the event that you need to reschedule your appointment. This allows other patients to be scheduled into that appointment. It also makes it possible to reschedule your appointment more efficiently. If a patient misses an appointment without contacting our office, this is considered a missed appointment (NO SHOW). A \$50 fee may be charged to you for the 2nd missed appointment. This fee must be paid before another appointment will be scheduled. If a patient accumulates a total of three (3) missed appointments, the patient may not be rescheduled for future appointments and will be asked to leave the practice.

Additionally, if a patient is more than 15 minutes late to his/her appointment, the appointment may be cancelled. New patient appointments cannot be rescheduled, as they often involve authorizations that are valid only for a specific amount of time.

I have read and understand the Appointment Cancellation Policy of the practice and I agree to be bound by its terms. I also understand and agree that such terms may be amended from time-to-time by the practice.
